RECOMMENDATIONS

Whole-of-government regional settlement strategy that is developed in consultation with the settlement sector and other relevant stakeholders with the intention of sustainable outcomes.

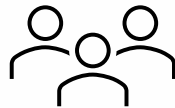

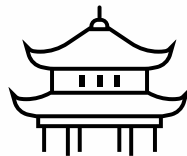

Funding

- A regional model for the delivery of settlement services that are adequately funded and resourced
- Allocation of funding and a model for regional areas to deliver settlement services that addresses medium to long-term outcomes in a sustainable fashion

Social cohesion and capacity building

- Social cohesion, community building, collaboration and partnerships
- Culturally inclusive practice
- Professional development

Organisational capacity and evidence-based approaches to settlement

- Community engagement and community development
- Research on newly arrived communities and settlement workers

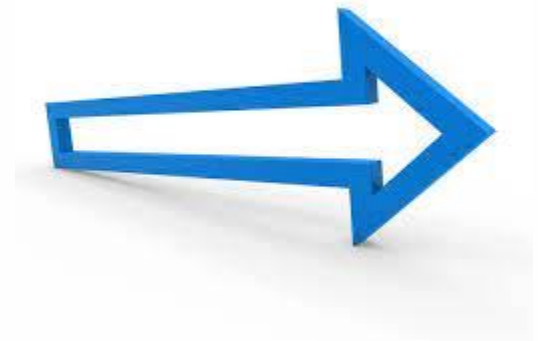

Mutual long-term benefits

- Strong infrastructure and services

Way Forward

- Advocacy at federal, state and local levels
- Local engagement in day-to-day work

Thank you!
